

Rusty had 11 lives

When Rusty used up his 9 lives he was near death! Then Verne prayed and asked God for help. That is how the Heavenly Father led him to River-Oak Veterinary Hospital. The Doctor immediately saw Rusty had used up his 9 lives and only a life transplant or refill would save the adorable orange furball.

Verne didn't have a lot of money but the Doctor knew that Rusty was a cat Angel. So the Veterinarian did an affordable life refill; topping Rusty up from 9 to 11 lives. It worked! Rusty had been pulled back from the grave. Boy was Verne happy! Rusty thought it was pretty cool, too. He liked living with the big guy and didn't want to go back to God just yet. He still had cat Angel work to do on Earth.

Rusty's Angel understudy!

God thought that Rusty should have a cat Angel friend just like Verne had Rusty. So while the 11 lived furball was recovering in the River-Oak Veterinary Hospital Verne delivered the little siamese kitty Angel named Dusty.

Rusty and Dusty sniffed each other. Smelled OK! They looked at each other. Looked OK! Rusty just could not believe that this was the kitten Verne had grown from the magic cat Angel seed from the Fairy Princess. He thought to himself "Verne sure can germinate stuff...what nice little cat Angel...got to love the big guy!"
