

Dusty's Sex Change Operation

One of the Librarians of Heaven read to Dusty the book Fluffy Gets Fixed. Dust Ball had no idea she could be one of the guys just by having a simple operation.

Dusty Loved Verne and Rusty with all her kitten heart. She wanted to be just like them when she grew up.

At the Escalon Library a real estate mogul named Fran read her the kitten book "Fluffy Gets Fixed." From that book Dusty learned that a girl kitten had to have a sex change operation so things would not go badly latter on in life.

Dusty had to go to the kitten hospital to get fixed.

Fran assured Dusty that Verne was only teasing and not to worry about anything.

When Fran finished reading Dusty was certain that she wanted to be spayed. She had no time for "being in heat" whatever that was. Get pregnant? Not this busy career kitten!

Verne teased the little Dust Ball saying things like "*Your voice will get deeper. Instead of meep-meep you'll sound like croak-croak. We'll call you Bull Frog!*" Dusty didn't want that to happen!

Dusty was scared! But Tiffany made her feel OK

When Dusty was 5 1/2 months old she went to the Vet to see a nice lady named Tiffany who is a "Spay & Neuter Technician." Tiffany answered all Dusty's questions about the operations.

She assured little Dusty that they would give her valium, ketamine, and a narcotic pain killer. That sounded OK! Dusty said "*Yeah! Go ahead and fix me so I'm one of the guys like Verne & Rusty!*" Verne whispered in her ear "*Uh, Dusty--I'm not fixed--only cats get fixed.*"
