

# New kitten—*Raccoony*

Raccoony loved the smell of coffee. Verne drank French Roast which was her favorite, too.

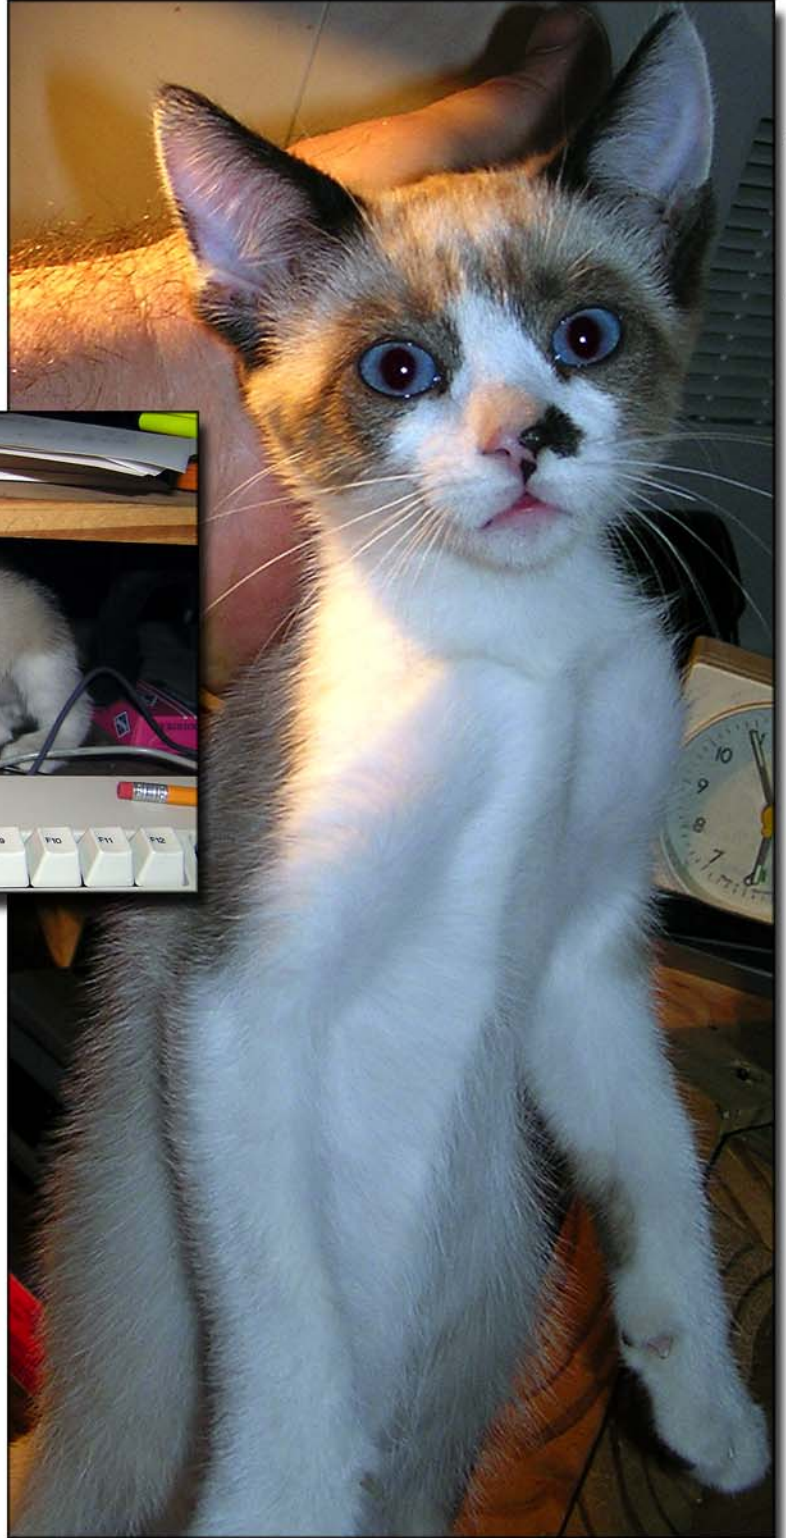

"OK!" Said Raccoony. "I get it. Don't walk on the keyboard thingy."

"I like coffee!" said Raccoony. "May I have some more with extra sugar?"

The Bolls family of Angels chose a girl kitten so Dustball could have a friend because she was the only girl in the house. When Verne first saw the new kitten he thought "*She looks like a raccoon!*" So he called her Raccoony! It was a good name.

**Raccoony stood up and announced**  
"Rusty and Dustball said they get to drive your car. When I can I start to drive, huh?"
